Session 1: Team Building, Weird Science & Games!

June 7th – June 22th

Join us for two weeks of wild experiments and games. Children are transformed into mini scientists, learning the art of hypothesis and trial and error. The group will build strong bonds playing fun games of all kinds!

Session 2: Nature in Central WI

June 25th – July 6th

Children will love this session learning about nature and the great outdoors. We will explore the Green Circle trail and the Wisconsin River ecosystem. Children will also get dirty planting the garden at the Family Development Center.

Session 3: A Study of the Arts

July 9th – July 20th

Children will let their creative energies flow as they are exposed to many forms of art. During this session children will paint, sculpt, draw, and create beautiful pieces. A fieldtrip to the Riverfront Art Center and picnic lunch will be one of many highlights of this session.

Session 4: Creativity in the Kitchen

July 23rd – August 3rd

Join us for a session of good eats. Children will create healthy snacks and meals while incorporating items harvested from the garden. They will learn cooking techniques that result in delicious shared feasts. This session is sure to be a real TREAT!

Session 5: That's Music to My Ears

August 6th – August 17th

Music comes alive in this active session where children will make music, experience a variety of instruments, delve into set design & concert production and have the opportunity to interact with artists right here in our community. The musician in each child will be enlivened during this session!

Session 6: Giving Back

August 20th – August 31st

This session is sure to touch the hearts of all children. Children will practice the concept of "Paying it Forward". As a group, children will brainstorm ways to give back to the community, whether it is reading to the elderly or delivering vegetables from the garden to food pantries.
